

Faculty of Health, Medicine and Behavioural Sciences MD Subject Prerequisite Database - Domestic Institutions

AUSTRALIAN AND NEW ZEALAND INSTITUTIONS

The UQ Doctor of Medicine (MD) requires tertiary prerequisite subjects in cell biology and systems physiology, at second-year level, or equivalent, to be completed within 10 years of commencing the MD.

The following list is provided as a guide to applicants on programs and courses from UQ and other Australian and New Zealand Institutions which have been assessed and deemed to meet or not meet the subject prerequisite requirements. Please note programs and courses on this list which meet the prerequisite requirements need to be completed within 10 years of commencing the MD program to be valid and satisfy the subject prerequisite requirements. For example, if applying for the 2026 intake, prerequisite subjects must have been completed from 2016 onwards. This list will be updated as new assessments are completed, and reviewed annually, and is therefore subject to change. If your course or program does not appear on the list, please contact us directly for an assessment using the contact details on our MD Prerequisite website.

				UQ MD Subject Prerequisite Requirement			
Program or Course Code	Source	Program or Course Title	Integrative Cell & Tissue Biology	Systems Physiology	Assessment Valid Until (up to and including)		
Bachelor of Paramedicine			✓	✓	2027 Intake		
HBM3202 and		Applied Biomedical Science and	✓	✓	2026 Intake		
HBM3203		Integrated Physiology	*	•	2020 IIItake		
HHP1272 and		Clinical Physiology 1 and					
HHP2171 and		Clinical Physiology 2 and	\checkmark	\checkmark	2026 Intake		
HHP2272		Clinical Physiology 3					
RBM2530 and		Pathophysiology 1 and	1	1	2026 Intake		
RBM2540		Pathophysiology 2	•	•	ZUZO INTAKE		

		Western Sydney University			
			UQ MD Subject Prerequisite Requirement		
Program or Course Code	Source	Program or Course Title	Integrative Cell & Tissue Biology	Systems Physiology	Assessment Valid Until (up to and including)
Bachelor of Medical Science (Major in Anatomy and Physiology)			✓	✓	2027 Intake
Master of Nursing Practice (Graduate Entry)			✓	✓	2026 Intake
400868 and 400869 and 400138 or 400267		Human Anatomy and Physiology 1 and Human Anatomy and Physiology 2 and Pathophysiology 1 OR 2	✓	✓	2026 Intake
Bachelor of Medical Science including MD1010 and MD1020 and MD2011 and MD2012		Bachelor of Medical Science including: Introduction to Physiology and Advanced Physiology and Pathological Basis of Disease and Metabolism	1	✓	2027 Intake
300850 and 300848		Advanced Cell Biology and Metabolism	✓	×	2026 Intake
300851 and 300818		Advanced Physiology and Introduction to Physiology	✓	×	2026 Intake
300818 and 301356		Introduction to Physiology and Pathological Basis of Disease	×	✓	2026 Intake

NEW ZEALAND

		University of Auckland			
			UQ MD Subject Prerequisite Requirement		
Program or Course Code	Source	Program or Course Title	Integrative Cell & Tissue Biology	Systems Physiology	Assessment Valid Until (up to and including)
Bachelor of Science with majors in Biological Sciences and Chemistry			✓	✓	2027 Intake
Bachelor of Pharmacy			✓	✓	2026 Intake
BIOSCI 106 and BIOSCI 107 and MEDSCI 142		Foundations of Biochemistry and Biology for Biomedical Science: Cellular Processes and Biomedical Science: Human Organ Systems	1	✓	2026 Intake
MEDSCI205 and MEDSCI206		The Physiology of Human Organ Systems and Principles of Neuroscience	✓	✓	2026 Intake
MEDSCI 205 and BIOSCI 201		The Physiology of Human Organ Systems and Cellular and Molecular Biology	✓	✓	2027 Intake

University of Canterbury							
			UQ MD St	ibject Prerequisite Red	quirement		
Program or Course Code	Source	Program or Course Title	Integrative Cell & Tissue Biology	Systems Physiology	Assessment Valid Until (up to and including)		
BIOL463		Cell Biology	✓	×	2026 Intake		

University of Otago					
Program or Course Code	Source	Program or Course Title	UQ MD Subject Prerequisite Requirement		
			Integrative Cell & Tissue Biology	Systems Physiology	Assessment Valid Until (up to and including)
Bachelor of Science (Major in Microbiology)			✓	✓	2027 Intake
Bachelor of Physiotherapy			✓	✓	2026 Intake
Bachelor of Pharmacy			✓	✓	2026 Intake
Bachelor of Dental Surgery			✓	✓	2026 Intake
PHSL232 and PHSL233 and PHSL231		Cardiovascular & Respiratory Physiology and Cellular, Gastrointestinal & Renal Physiology and Neurophysiology	1	✓	2026 Intake
HUBS191 and HUBS192 and CELS191 and ANAT241		Human Body Systems 1 and Human Body Systems 2 and Cell and Molecular Biology and Human biology - Cells to systems	✓	✓	2027 Intake
PHSL232 and ANAT241 and PATH201		Cardiovascular and Respiratory Physiology and Human Biology: Cells to Systems and Foundations in Human Pathology	✓	✓	2027 Intake
